It's December! Time to start planning feasts, decorating, and continuing the gratitude of the season. ## Did You Know?

The Sicilian ceramic heads, also known as Teste di Moro, are based on a legend of tragic love and betrayal:

**The lovers:** A Sicilian girl of noble birth falls in love with a young Moor merchant.

**The discovery:** Her family discovers their affair and punishes them by beheading them.

**The vases:** Their heads are turned into vases and displayed on a balcony as a warning.

**The basil:** In another version of the story, the girl plants a basil seed in her lover's head and waters it with her tears. The basil grows well and attracts the attention of her neighbors, who also make ceramic head vases for their own herbs.

**The symbol:** The ceramic heads are often displayed in pairs, representing the tragic love story of the young couple.

The legend is said to have taken place in Palermo during the Moors' domination of Sicily. You can find Sicilian ceramic heads in many places in Sicily, including hotels, restaurants, homes, balconies, and streets. You can also see them in our neighborhood on J street!

## Wednesday Morning Coffee & Donuts (or fruit)

Join us for a free donut and cup of coffee in the Auditorium on Wednesday mornings! Bring your own mug, and fill it with RCE-provided hot coffee (regular or decaf) or hot water for tea. Please enter through the Rec Hall to select a donut or a piece of fruit on your way to the auditorium!

We'll give you important park news and there will usually be a brief message from our coffee sponsor. Doors open at 8:30 am. and our program begins at 9:00 am.

See you there!

**New to RCE?** Stick around after coffee, first Wednesdays of the month in the Recreation Hall to meet with volunteer Judy for a fun and informative orientation to all things Rincon & Tucson!

# Suffer With Neuropathy? Told Nothing Can Be Done?

Now Into our 17th year and over 5000 patients we know:

## That is Simply Not True!

One of my medical heroes, Dr. Patrick Sartz. I took a chance and purchased his program hoping to get off many prescription medications! Here I am, one year later, off all medications, back to working out, dancing in high heel shoes all with no more neuropathy pain! I'm beyond gratitude to Dr. Sartz and incredibly amazed at the results! If you or someone you know have neuropathy, reach out to me, it really works! Joanne Zeoli (Joanne's phone number available on request) other testimonials on website: [www.IsNeuropathyCurable.com/testimonials](http://www.IsNeuropathyCurable.com/testimonials)

**Freedom From  
Neuropathy For Life  
Without Medication,  
Injections or Surgery  
Is Possible**

I am Dr. Patrick Sartz, DC, BCN, and I lead the Neuropathy Treatment Center of Arizona. I hold a Board Certification in Neuropathy from the American College of Physical Medicine. Since 2008, my focus has been on treating neuropathy without the use of medications, injections, or surgical procedures. My goal is to alleviate and, in many cases, completely eliminate the numbness, tingling, burning, pain and balance issues commonly associated with neuropathy. My journey with neuropathy began in 1966 when I was just 12 years old, watching my mother endure the challenges of this condition, which ultimately led to her being confined to a wheelchair for the last 16 years of her life. Many healthcare providers often assert that effective treatments for neuropathy do not exist, typically prescribing medications that may only provide temporary relief without addressing the underlying issues. Throughout my 16 and a half years of experience in treating neuropathy, I have witnessed numerous treatments come and go, often rebranded due to their failure to deliver lasting results. While I do not claim to offer a cure—no one can—I do provide a highly effective at-home treatment that empowers patients to manage their condition and achieve long-term relief, allowing them to maintain their independence. I understand that many patients prefer a doctor nearby, but since my treatment can be easily performed at home, I remain accessible to my patients via phone from 7 AM to 8 PM, seven days a week. Over the years, my approach has evolved alongside advancements in technology, and since 2020, 98% of my patients have reported experiencing between 65% to 100% relief from the symptoms of neuropathy. Joanne's experience is typical. Please feel free to call me as I would be delighted to share how we have achieved such remarkable results. My website is dedicated to educating individuals about neuropathy and detailing the successes we have experienced over the past four years. Please scan the QR code below.
